- Completed 6-month remote internship in modern web development using React.js, HTML, CSS, and JavaScript.
- Developed reusable React components for scalable and consistent UI. Improved performance and accessibility using component-based architecture.

Industrial Training | Excellence Technology, Mohali   Jul 2023 – Sept 2023

- Successfully completed a 4-week training focused on the fundamentals front-end development.
- Strengthened front-end fundamentals in HTML, CSS, JavaScript, and baisc React.js.
- Built responsive layouts and enhanced debugging and cross-browser testing skills.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+), Core Java
- **Frameworks/Libraries:** React.js, Redux, Bootstrap, Tailwind CSS, GSAP
- **Concepts:** Responsive Design, API Integration, State Management, Axios, REST APIs
- **Tools:** Git, GitHub, Figma, Vercel, VS code

Projects

Notes App | React.js, CSS, LocalStorage

- Created a notes app with add/delete/search features and dark/light mode. Used LocalStorage for data persistence and implemented character count and timestamps.

Travel Tales - Travel Booking Website | HTML, CSS, JavaScript

- Designed a responsive travel booking and destination exploration website. Added secure sign-in forms and interactive travel article sections.

Sweets E-commerce Website | React.js, Tailwind CSS

- Built an e-commerce platform using reusable React components and responsive layouts.
- Integrated secure checkout and added dynamic product filtering for a better user experience.

Food Website | HTML, CSS, Bootstrap 5

- Created a visually appealing food-themed website with gallery and review sections. Implemented responsive navigation and optimized page load performance.
